SECURITY SYSTEMS CAPABILITY STATEMENT

LEADING HEALTHCARE THROUGH THE ROUGH WATERS OF CHANGE

There is a reason JDa is a leader in healthcare construction and facilities management:

- Visioning,
- Planning,
- Complete Project Management,
- Professional Expertise

Every day, our group of professionals assists hospitals in managing the planning, design, construction, and facility modernization upgrades to support their organization's mission. Our experts provide comprehensive development capabilities throughout all phases of a project. It is our lifecycle approach, including operations optimization and clinical integration that makes the difference in creating new facilities and modernizing aged systems and infrastructure that meet the vision for the progressive healthcare facilities of tomorrow.
