

JOHNSONDANFORTH & ASSOCIATES

CONSTRUCTION CAPABILITIES

JohnsonDanforth & Associates (JDa) is a Little Rock based professional firm specializing in healthcare construction, renovations, facilities management, and government procurement. JDa can provide you with the flexibility and support needed to meet the demands of today's ever-changing healthcare environment. Our facilities expertise can provide you with the information you seek to provide timely, cost effective information on construction projects and engineering issues, and process improvement.

Our team has significant experience with every type of hospital interior construction or renovation project. We have unparalleled expertise in hospital maintenance, repairs, and facility management services.

DIFFERENTIATORS

The **JohnsonDanforth** team of Construction Project Managers, Estimators, Superintendents, and Administrators is exceptionally familiar with multi-faceted client organizations and stakeholder groups, and complex project programs. Whether your project requires a traditional design/bid/build, design/build, negotiated bid, or an on-call contract dynamic - our diverse project experience, proactive design philosophy, and efficient construction delivery model are a great fit for any client or project type.
