

LEADING HEALTHCARE THROUGH THE ROUGH WATERS OF CHANGE

There is a reason JDa is a leader in healthcare construction and facilities management:

- Visioning,
- Planning,
- Complete Project Management,
- Professional Expertise

Every day, our group of professionals assists hospitals in managing the planning, design, construction, and facility modernization of elevator systems and upgrades to support their organization's mission. Our experts provide comprehensive development capabilities throughout all phases of a project. It is our lifecycle approach, including operations optimization and clinical integration that makes the difference in creating new facilities and modernizing aged systems and infrastructure that meet the vision for the progressive healthcare facilities of tomorrow related to vertical transportation.

PARTNERSHIPS:

We have established partnerships with national companies in order to better service our customers when warranted.

CERTIFICATIONS:

All of our technicians are certified by the state where the work is being performed and licensed accordingly.

UNION WORKERS:

All of our elevator mechanics are union workers.

ELEVATOR NAIC CODES:

236220, 238290, 811310

JDa has the ability to rapidly respond to multiple requirements, meet constrained project schedules, and deliver a variety of elevator services is unsurpassed.
